Prairie Central Students Named to State Committee

Naomi Knapp and Brooke Miller, seniors at Prairie Central High School, were named to the State FCCLA Long Range Planning Committee which met last Saturday. The committee of twelve consisted of the two area students representing the membership of the organization, two state officers, FCCLA alumni, parents, and Advisers. The task of the group was to establish the direction of FCCLA for the next three years.

Goals related to enhanced technology use, branding of the organization, and member and alumni relations were established. Each of the 12 goals established will be implemented within the next two to three years.

Joe Loyer, Chenoa High School Alumni and past state officer, also served on the committee.
