Discussion

During the Superintendent's Report, Dr. Capasso updated the board on . . .

- ◆ ISBE/LEGISLATIVE NEWS.
 - Meeting with local representatives. A recent IASA Cornbelt meeting with Representatives Keith Sommer and Dan Brady left the superintendents in attendance with many doubts about the State's ability to meet its financial obligations this year with respect to elementary and secondary schools, specifically categorical reimbursement.
- ◆ CURRICULUM. The following topics were discussed at the November curriculum council meeting:
 - February institute. Cognition Works, a Champaign-based enterprise whose mission it is to teach people-intensive organizations how to communicate, will occupy the key-note spot. Its speakers will suggest ways for PC educators and support staff to communicate with the various student populations, particularly low-income. We will also hold grade-level and department meetings, and conduct some safety training.
 - Rtl. The Rtl district-wide plan was approved by the council.
 - Textbook rotation. The council updated the District's textbook rotation schedule. The schedule summarizes the replacement of materials over seven years, and in sync with the Illinois Textbook Loan Program (off-setting grades K-6 and grades 7-12).
- ◆ TECHNOLOGY. The tech committee reviewed the implementation schedule and discussed the need to improve the internet signal to Chenoa and Chatsworth, to replace older computers, particularly the labs at Prairie Central High School, and to enhance the STI Home program to K-4.
- ◆ SECURITY. The superintendent discussed the new Alert Now (mass calling system). The system, although popular among parents, has a number of front-end glitches that need to be worked out.

To adjourn

Moved by Schlatter and seconded by Steidinger that we adjourn at 7:22 PM.

Voting: Brown, yea; Froelich, yea; Haberkorn, yea; Johnson, yea; Koehl, yea; Schlatter, yea; Steidinger, yea. Motion carried.
