

Save Money with Rxtra

If you're a Health Alliance member with prescription coverage*, you can save money based on where you have some 30-day supplies of meds filled.

Here's how the pharmacy savings levels work:

- ▶ Primary—When you visit Primary pharmacies, you pay the standard copayment for your plan.
- ▶ Preferred—When you use Preferred pharmacies, you pay nothing out-of-pocket on hundreds of the most common prescriptions.
- ▶ Preferred Plus—In addition to \$0 copayments for the drugs at Preferred pharmacies, you also pay nothing for certain cholesterol and asthma meds at Preferred Plus pharmacies.

Around every corner you'll find a Preferred Plus pharmacy, including:

- Kmart
- Kroger
- Walmart
- Sam's Club
- Osco
- Schnucks

For a full list of pharmacies and their savings levels, log in at YourHealthAlliance.org and go to the Forms and Resources page.
